

1

Scenario: Calculator

Given I'm on the Calculator screen

When I click 2

And I click +

And I click 2

And I click =

Then I should see 4 in the results field

2

Scenario: Valid Cucumber feature

Given a valid Cucumber feature

When I run the feature

Then it should run successfully

3

Scenario: Sales Tax Added to Subtotal

Given the sales tax rate is 8%

When I generate an invoice subtotaling \$1000

Then the tax should be \$80

And the total should be \$1080

4

Scenario: Google Search

Given I'm on "http://www.google.com"

And I have entered "richard lawrence" into field "//input[@name='q']"

When I click button "//input[@name='btnK']"

Then I should see "richardlawrence.info"

5

Scenario: Flat commission

Given I earn a flat 10% commission

When I sell \$10,000 of services

Then I should earn \$1,000 in commissions

7

Scenario: Medicaid Transportation Provider Search

When I perform a referral search with the following values:

Medicaid eligible	yes	
aaR customer	no	
Special accommodations	None	
Origin	Denver	
Destination	Denver	
Trip day	Tuesday	
Leave time	12:00 PM	
Trip purpose	Medical	
Advance notice	7	
Age	66	
Disabled	no	

Then I should see Yellow Cab and LogistiCare in the results

6

Scenario: Calculate Invoice Footer from Items

Given the sales tax rate is 8%

When I generate an invoice for:

Item	Cost	
Widgets	\$800	
Whatsits	\$200	

Then the invoice footer should include:

Subtotal	\$1000	
Tax	\$80	
Total	\$1080	

8

Scenario: Admins can access admin stuff

When I log in as an administrator

Then I should be able to access the Admin section

9

Scenario: Agile Cooperative Blog Headlines

Given the following blogs in the Agile Cooperative aggregator:

Blog URL	
richardlawrence.info	
agilebob.com	
powersoftwo.agileinstitute.com	
www.agile42.com/blog	

When richardlawrence.info adds a new post titled "Patterns for Splitting User Stories"

And powersoftwo.agileinstitute.com adds a new post titled "Go Home Already!"

And sethgodin.typepad.com adds a new post titled "Defining quality"

Then the aggregator should include the following:

Title	
Patterns for Splitting User Stories	
Go Home Already!	

But the aggregator should not include the following:

Title	
Defining quality	

11

Scenario: Add Item to Cart

Given my shopping cart is empty

And I'm on a product page

When I click Add to Cart

Then my shopping cart should contain 1 item

10

Scenario: List Products by Category

Given the following inventory:

Item	Category	
A Tale of Two Cities	Books	
Don Quixote	Books	
The Atlantic	Magazines	
Sports Illustrated	Magazines	
Ticonderoga #2 Pencils	Office Supplies	

When I view products in Office Supplies

Then I should see only Ticonderoga #2 Pencils

12

Scenario: Google search

When I perform a Google search

Then I should see the correct search results

13

Scenario: Add Item to Cart

Given my shopping cart is empty

When I add an item to my cart

Then my cart should contain only that item

15

Scenario: Two tier commission (sales in second tier)

Given I earn 10% commission up to \$5,000 of sales

And I earn 12% commission above \$5,000 of sales

When I sell \$6,000 of services

Then I should earn \$620 in commissions

14

Scenario: Free Shipping Over \$50

Given my shopping cart is empty

When I go to the iPad product page

And I click "Add to Cart"

And I click "Checkout Now"

Then I should see "Your order is eligible for free shipping"

16

Scenario Outline: Free Shipping Over \$50

Given my order subtotal is <subtotal>

When I check out

Then I should be offered <shipping type> shipping

Examples:

subtotal	shipping type	
\$30	standard	
\$50	standard	
\$50.01	free	
\$100	free	

17

Scenario: Medicaid Transportation Provider Search

When I select Tuesday for the trip day
And I fill in advance notice with 7
And I select 12:00 PM for the departure time
And I click Next
And I select Medical for the trip purpose
And I click Next
And I set Medicaid eligible to yes
And I click Next
And I set access-a-Ride customer to no
And I click Next
And I fill in origin with Denver
And I fill in destination with Denver
And I click Next
And I select 66 for the passenger age
And I set disabled to no
And I click Next
Then I should see Yellow Cab and LogistiCare in the results

18

Scenario: Add Item to Cart

Given my shopping cart is empty
And I'm on the product page for "Ticonderoga #2 Pencils, Box of 20"

When I click Add to Cart

Then my shopping cart should contain only:

Item	Quantity
Ticonderoga #2 Pencils, Box of 20	1

19

Scenario: Send a message

Given I'm composing a new message
When I send the message
Then it should send successfully

20

Scenario: Activate a User

Given 10 users exist with activated: false
When I activate a user
Then 9 users should exist with activated: false

21

Scenario: Google Search

Given I'm on the Google search page

And I have entered "richard lawrence" into the query field

When I click the Search button

Then I should see "richardlawrence.info"

Tautological

Overly

Technical

22

Scenario: Free Shipping

Given my order is eligible for free shipping

When I check out

Then I should see "Your order is eligible for free shipping"
